As the 200th anniversary of the founding of this country approaches, Americans are celebrating their Bicentennial in a variety of ways. Almost all are stopping to reflect upon certain traditions which have come to symbolize the very essence of America and what it stands for.

This year more than ever before is a time for traditions. And there is no better time than the Bicentennial of our own country to stop and reflect upon the traditions which have become a part of Ole Miss.

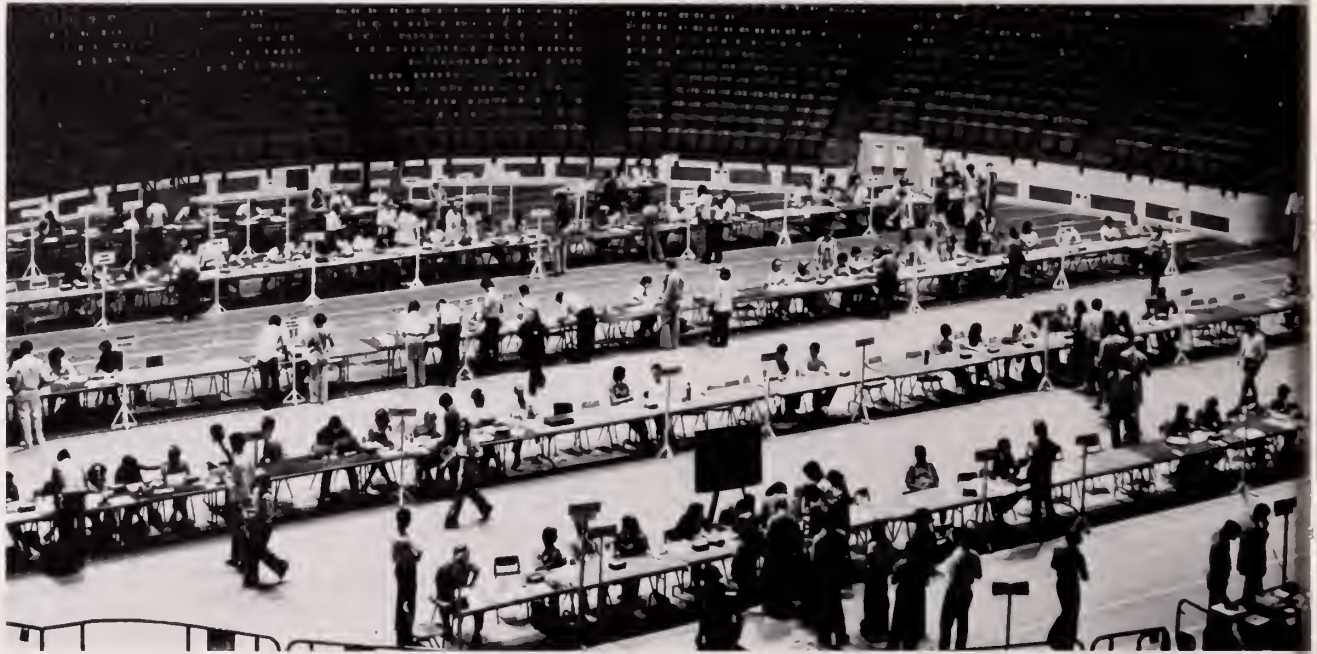

Seasons come and go, administrators and teachers change, students graduate — and yet that time-mellowed legend that is Ole Miss remains. A legend that you as a student at the University of Mississippi are helping to mold. No matter where you go from here, certain memories of this year at Ole Miss will come to mind.

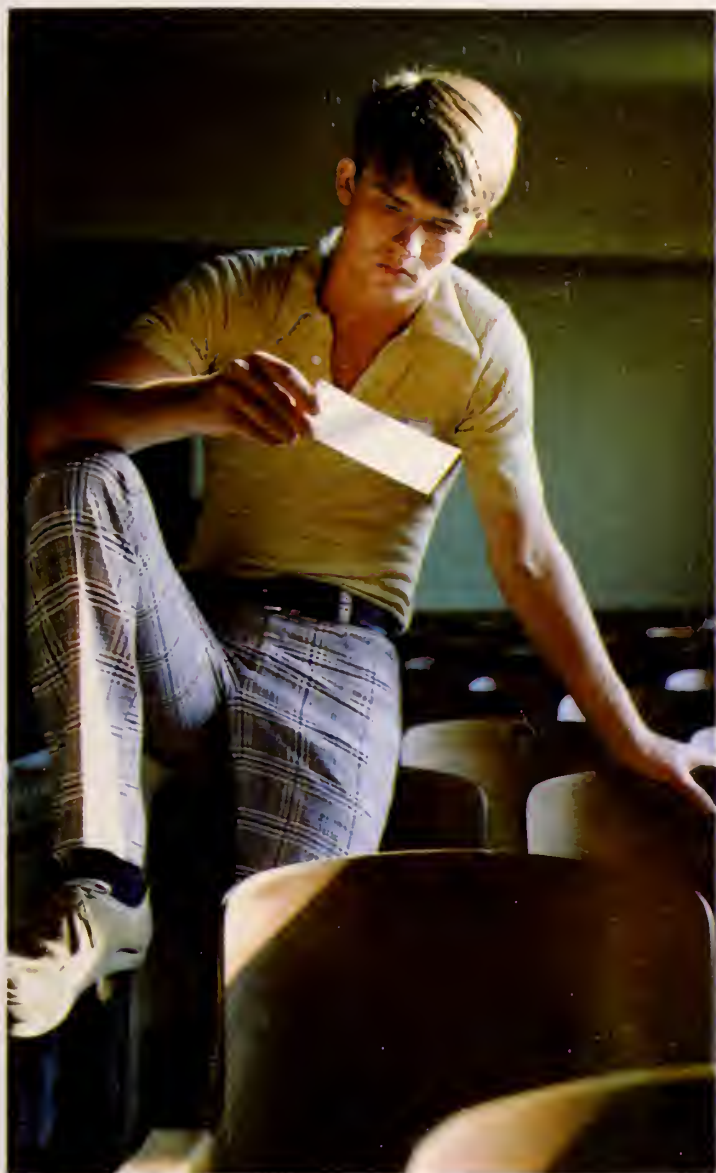

Perhaps you will remember registration and early fall . . . new faces . . . old faces . . . and the realization that Ole Miss is not a country club after all.

Some will think of Rush — with varying emotions at the thought.

And football weekends with pep rallies and lunch in the grove will come to mind for many.

As winter approaches, memories of this year at Ole Miss take a more serious turn. The summer has finally faded and with it the thought of, "I'll study that tomorrow."

Midterms are here, and good grades (or the lack of them) take on an increasing importance for a while

In varying ways students prepare and then ultimately rejoice or mourn their preparations.

However not all learning is derived from books, and we recall concerts and the other cultural events that the University provides.

The cool days seem to bring out that 2-legged creature — the politician. Campus elections are a serious business at Ole Miss, and no student can fail to remember the signs, slogans, and pretty campaigners which permeate the campus at regular intervals.

Homecoming is indeed a tradition at Ole Miss which thousands of fans celebrate faithfully every year.

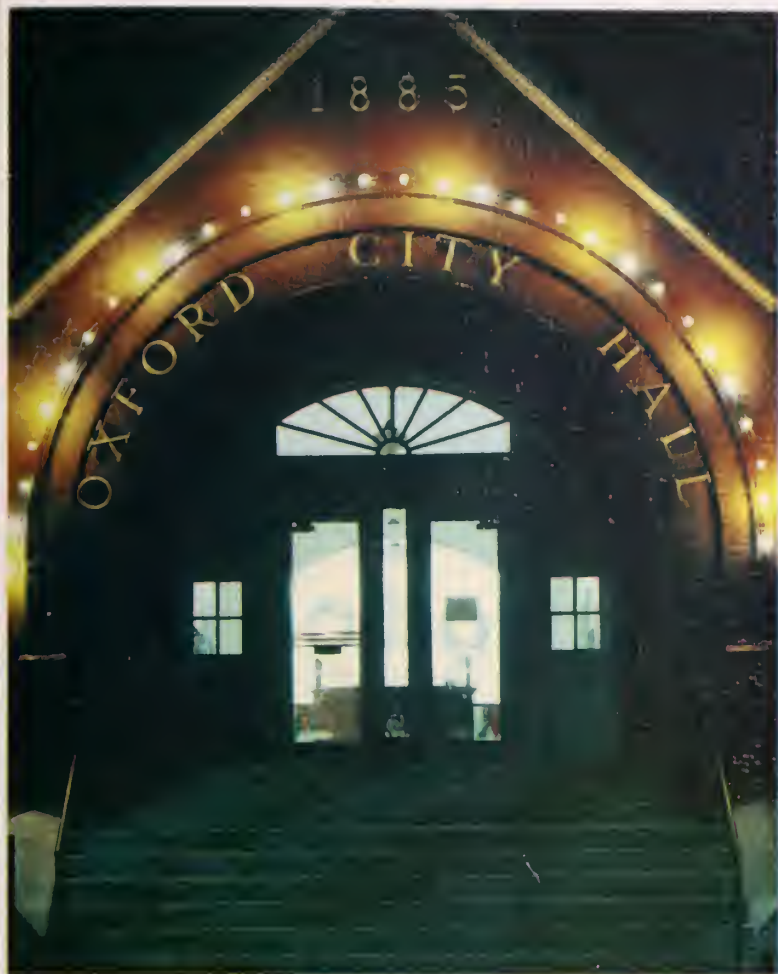

For the past several years, the campus has undergone a building boom unparalleled in its history. Though Vaught Athletic Hall and the new Chemistry Building as well as the Law School and Cultural Center are important assets, the new Student Union Building has stirred the most interest among students. Certainly its construction has fathered one new tradition at Ole Miss — predicting its opening date.

The end of the semester comes in a torrent sandwiched between Thanksgiving and Christmas holidays. Suddenly all the many things you meant to do but never quite got around to are lost in a flurry of decorating, partying, and studying for exams.

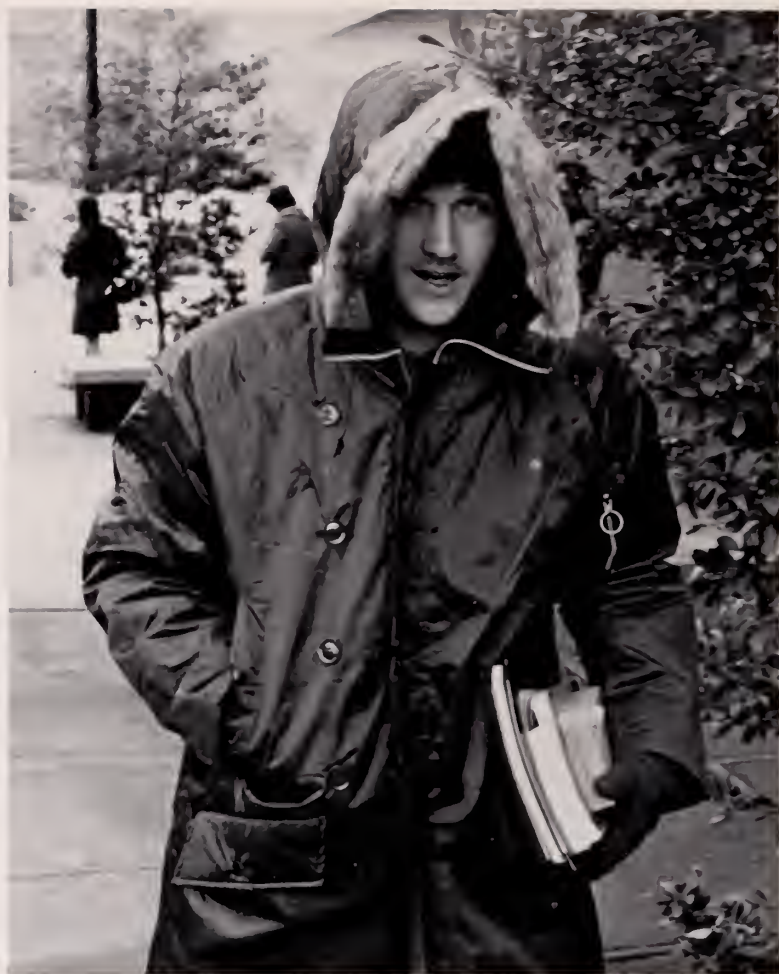

All too soon second semester is upon us, and last year seems only a fleeting memory as we prepare for another semester.

The first few weeks of this spring semester will be remembered as a gradual adjustment into a new routine consisting of classes, basketball games, and often trying to find the best way to keep warm.

That routine is forgotten, however, as the days grow warmer, and spring appears in a burst of color. We recall such spring events as long, lazy afternoons in the Grove, playing tennis, and bicycling.

Dixie Week is a tradition observed by most University students. For an entire week, studies and other cares are forgotten in the face of free concerts, barbeques and games in the Grove, and a general all-around good time.

No matter where you go from here, certain memories of this year at Ole Miss will come to mind. But perhaps your memories will not be of events such as Homecoming or Dixie Week or traditions like grilling-it. Your fondest recollections may be trivial incidents unshared by the majority of students at Ole Miss.

Perhaps the mention of this year will bring to mind Thursdays —
First Thursdays possibly or the even more enjoyable (for some Ole
Miss students) Thirsty Thursdays.

Or you may remember ordering out . . .

being in love . . .

Derby Day . . .

rainy days . . .

apartment living . . .

dorm life.

Or perhaps you'll remember the intangible things —
the smile of a friend, for example, or your mood when
that mailbox was empty.

Whatever your memories, remember that you've left your mark on the University of Mississippi, and it's done the same to you.

Omicron Delta Kappa is a national leadership honor society. It was founded in 1914 at Washington and Lee University on the idea that leadership of exceptional quality and versatility should be recognized. Since its beginning, OΔK has believed that representatives of every phase of college life should participate in a mutual endeavor of understanding, interest, and helpfulness. Thus outstanding students, faculty, and administration members from all areas of academics are selected each semester for membership into Omicron Delta Kappa. Members are chosen not only on the basis of scholastic achievement, but also for their leadership contributions to the campus and the university community.

Five areas of achievement offer criteria for evaluation of prospective members. They are scholarship, athletics, social and student body activities, publications, and the arts. OΔK Membership is a mark of honor and excellence. Each month the circle holds dinner meetings with distinguished guest speakers, and each semester Omicron Delta Kappa and Mortar Board co-sponsor a Forum Series to bring prominent speakers to the University.

Kappa Kappa Psi is the honorary fraternity for college bandsmen. It promotes the existence and welfare of the college band. By honoring outstanding bandsmen through membership, it fosters a close relationship between college bands. Through providing a pleasant and helpful social experience, it promotes a performance of good music and worthwhile projects. Kappa Kappa Psi helps with the publicity for the Ole Miss Rebel Marching Band.

Prospective new members must have served for one semester in the University band unless a petition is placed in the home office allowing freshman membership in the organization. If members are approved by the active membership, they are pledged. All members are in the University band.

The honor society of Phi Kappa Phi was founded in 1897. Originating with a group of students who felt the need of recognizing scholarship in all disciplines, it was soon transformed into a national society by a committee of the presidents of the University of Maine, the University of Tennessee, and Pennsylvania College. The University of Mississippi chapter of Phi Kappa Phi was chartered in May, 1959. To be elected to membership, an undergraduate student must be a senior or a second semester junior having an overall average of not less than 3.7 for juniors and 3.5 for seniors. Graduate students and students in professional schools must have distinguished records placing them among the top few in their classes. Faculty and staff members invited to membership must have made a significant contribution to their discipline.

The Ole Miss, the yearbook of the University of Mississippi, is a student publication which pictorially depicts the school year at Ole Miss. The Ole Miss staff consists of an editor elected by the student body and appointed section editors, photographers, and business staff. Through sleepless nights, overcut classes, coffee nerves, and red-rimmed eyes, the staff has tried to make this annual one of the best. We hope that, before passing judgment on this book, the student body will consider the problems which have confronted us. Rising costs, picture cancellations, and last minute details were but a few of our problems, but on the whole we enjoyed it. The ultimate aim of any yearbook is to please you, the students, and we hope the 1976 Ole Miss has achieved that goal.

Committee of 82

L to R: Kruger, Chain, Holmes — Co-Chairman; Gillis — Co-Chairman; Hartness, Ray, Maloney.

The Committee of 82 is Ole Miss' student lobbying association. We normally have only one Primary function: To lobby with the state legislature in order to get the specific budget recommendation passed that has been requested by the state board of trustees of institutions of higher learning.

The committee assists in hosting legislative day, October 25. It also lobbies with the legislature by mail and/or personal visits for the budget recommendations. Among the other activities of the committee is to lobby for the resolution of problems of extra-University origins that may arise, such as the delayed opening of the new union.

Newman Apostolate

L to R: Father Francis Cosgrove, George Plasketes, Mary Godwin, Mary Johnson, Yolanda Brady

To many people, the Roman Catholic Church is the most traditional and ritualistic church in America, but to the Ole Miss Catholic student it is also a church fully adapted to the seventies. Through the renewal introduced by the Second Vatican Council in the sixties, it is ecumenical in its outlook, its truths and teachings; its liturgy is modern, its concern for social problems is reflected in its community involvement. Through different student committees, Catholic students participate in church, social and community activities. The Newman Recreation Center on University Avenue is available to students for study and recreation. The Catholic Church also maintains an office in the "Y" building.

Delta Sigma Pi

Members of Delta Sigma Pi are chosen on the basis of academic achievement as students in the School of Business. A minimum GPA of 2.5 is required.

BICENTENNIAL NAVY

1775 1975

Code of a Naval Officer

It is not, by any means, enough that an officer of the navy be a capable mariner. He must be that, of course, but also a great deal more. He should be, as well, a gentleman of liberal education, refined manner, punctilious courtesy, and the nicest sense of personal honor. He should not only be able to express himself clearly and with force in his own language both with tongue and pen, but he should be versed in French and Spanish. . . .

He should be the soul of tact, patience, justice, firmness, and charity. No meritorious act of a subordinate should escape his attention or be left to pass without its reward, if even the reward be only one word of approval. Conversely, he should not be blind to a single fault of any subordinate, though at the same time he should be quick and unfailing to distinguish error from malice, thoughtlessness from incompetency, and well-meant shortcoming from heedless or stupid blunder. As he should be universal and impartial in his regard and approval of merit, so should he be judicial and unbending in his punishment or reproof of misconduct.

John Paul Jones.

The NROTC Unit here at the University of Mississippi embodies the finest traditions of the Naval Service. It trains Midshipmen for the demanding responsibility of a junior officer in either the Navy or the Marine Corps.

Ole Miss provides an atmosphere of past achievements while combining the technical knowledge an officer needs to develop a sense of professionalism. This sense of learning and heritage is instilled upon the midshipman from the first day he enters the historic walls of McCain Hall.

Upon graduation the new Ensign or Second Lieutenant will proceed to the fleet, where he will carry on the traditions of Ole Miss, given to him in trust as an officer in the Naval Service.

FOOTBALL

The Ole Miss Rebels are back in town . . . Although the final statistics show a 6-5 season, it was one of the more exciting seasons that Ole Miss fans can remember. Rebel Coach Ken Cooper, voted SEC Coach of the Year, has brought the Rebels back, with the promise of greater things to come.

With the 1974 season record being 3-8, Rebel fans were not excited about the 1975 season. The season began as expected, losing to Baylor, Texas A&M, and Tulane. The first victory came with a sound romping over Southern Miss. Loss came again when the Rebels met the Crimson Tide of Alabama. The fans were quickly losing faith.

Homecoming arrived, pitting Ole Miss against the Georgia Bulldogs, on one of the hottest days most Rebel fans can remember. The spark touched off, and the Rebels came through with a fabulous victory over the Bulldogs.

Traveling to Jackson the next week, Ole Miss met South Carolina in a heart-stopper. Victory was at hand, but the final minute proved disastrous, and brought the fifth and final defeat of the year. Back on campus the next week fans saw a cold, drizzly day for the showdown against the Commodores of Vandy. But the Rebels were not to be denied, and the taste of victory was faced once again. The Tigers of LSU were on the prowl the next week, but were sent home whimpering with a crunching defeat by the Rebels. Probably *the* game of the year came next — Tennessee, played in Memphis. It was definitely the Rebels of old, at their finest, giving the Vols what they needed — another defeat. As usual the final game was against Miss. State, who was having a bad season. The Rebels wrapped up the year with a victory. There was talk of a possible bowl bid, but nothing materialized. Maybe next year . . .
